## **Our Story**

**We stand on the shoulders of those who came before us. This is our story.**

It is a story about family first and foremost, of two families coming together. McMunn & Yates was formed in 1971 when Terry Yates and Stan and Gordon McMunn opened their first store in Dauphin, MB. With combined experience in both contract work and retail, this union of families put their faith in each other to build and rebuild something larger than themselves, now hundreds of families serving their local communities large and small. McMunn & Yates is committed to and believe in the hometown values and doing business with their friends and neighbors. We believe the “and” in McMunn & Yates is more than just a conjunction because without it, there are no connections and no commitment. We believe its this commitment to building strong, honest relationships that is the foundation upon which McMunn & Yates rests.

## **Brand Promise**

### **To Our Contractors**

We are the building supply partner you can count on for accurately fulfilling and delivering orders on time to help you run your business effectively and efficiently.

### **To Our Retail Customers**

We are the local building supply centre, your next door neighbour, with expert help and friendly service for all do-it-yourself homeowners.

**100% Proudly  
CANADIAN**

# My Story

## DARCY “DUFFY” HERMANSON

COMMERCIAL DIVISION

My name is Darcy, but everyone here knows me as “Duffy”. The nickname goes way back to my misguided youthful days, perhaps ask me about it another time. I have lived in the cottage country area nearly my whole life, and have 3 children, and 1 granddaughter.

I have a diploma in Civil engineering and building design. I worked construction my whole life, and assisted in building cottages, buildings, condos and homes so I have lots of hands on experience in the building industry.

I am new to McMunn & Yates, having started with the company in January 2018. My main focus is helping walk in retail customers with their DIY projects, decks, fences, garages, docks, etc. It’s so nice to see people with different projects and I love helping customers make their projects as easy and DIY friendly as possible.

This is the easiest job I’ve ever had as I get to spend my days helping others. It is so easy to relate to customers’ experiences, and help walk you through every step of the way.

**Community based since 1971.**
