

My Story

DAVE WYLLIE COMMERCIAL DIVISION

Since 1999 I have been working for our clients - to make their building experience better. I spend my days estimating, organizing shipments, and general problem solving and solution finding. The days go by fast when I am looking to make sure everyone's needs are taken care of! I spend a lot of time at work, but when I am not, I am with my family, watching my son and daughters' activities, or taking my dog for a walk. My vacations are spent pulling the trailer to some park across this great country of ours.

My specialty is the commercial builder – schools, condominiums and retail builds are all in my book of business – and not just in Winnipeg – across the Province – north of Thompson, around Brandon – if you are building in Manitoba and there is an M&Y location near by, I have likely shipped there. I believe in relationships, when I was growing my business, I have been able to maintain my residential builders and I always look forward to the shift in work to focus on renovations and new home builds. With my experience, I could be your trusted and reliable resource for building materials.

My career path which included working in the yard, managing the yard and working for a local contractor has allowed me an intricate understanding of material movement which ultimately allows every delivery to site, to be well organized.

Thank you for taking the time to meet with me – commercial and residential building is complicated and takes a lot of time on the site, but helping me building a clear understanding of what is important to your business will allow me to ensure we get the right materials to your site in the right place at the right time.

Community based since 1971.

Our Story

We stand on the shoulders of those who came before us. This is our story.

It is a story about family first and foremost, of two families coming together. McMunn & Yates was formed in 1971 when Terry Yates and Stan and Gordon McMunn opened their first store in Dauphin, MB. With combined experience in both contract work and retail, this union of families put their faith in each other to build and rebuild something larger than themselves, now hundreds of families serving their local communities large and small. McMunn & Yates is committed to and believe in the hometown values and doing business with their friends and neighbors. We believe the “and” in McMunn & Yates is more than just a conjunction because without it, there are no connections and no commitment. We believe its this commitment to building strong, honest relationships that is the foundation upon which McMunn & Yates rests.
