

Make it Better™

Our Story

We stand on the shoulders of those who came before us. This is our story.

It is a story about family first and foremost, of two families coming together. McMunn & Yates was formed in 1971 when Terry Yates and Stan and Gordon McMunn opened their first store in Dauphin, MB. With combined experience in both contract work and retail, this union of families put their faith in each other to build and rebuild something larger than themselves, now hundreds of families serving their local communities large and small. McMunn & Yates is committed to and believe in the hometown values and doing business with their friends and neighbors. We believe the “and” in McMunn & Yates is more than just a conjunction because without it, there are no connections and no commitment. We believe its this commitment to building strong, honest relationships that is the foundation upon which McMunn & Yates rests.

Brand Promise

To Our Contractors

My Story

RIAN WILSON

WINDOW & DOOR SALES SPECIALIST

I love the dream so I know there is nothing like a dream come true. I also know that when you make a decision to replace a window or door—it isn't every day—and it is usually a dream come true. When you work with me, you will see this understanding shine through.

I believe McMunn & Yates allows me the unique opportunity to provide our community with service that is genuine and reliable. It is crazy to see, but we really do take pride in the relationships we have with our customers—both old and new. If you have been in our store, you know you can rely on comprehensive service and staff and that they're all dreamers at heart. If you haven't been in to see us, please, come in and see us—whatever your project is.

Back to the windows and doors. Once you start looking, you will realize there are a lot of options. From color to grades to material choices—I can help walk you through all of these options so you understand why the choice you make is the right choice for you and your home. I can order a product to your exact specifications, so connect with me whenever the time is right for you.
