

## MADE FOR A PERFECT FIT FOR FASTER INSTALL

Recovers instantly and fills completely without fluffing

# MADE FOR PRO REMODELERS WHO WORK SMARTER, FINISH FASTER

**Fibre technology makes it faster.** Save time without sacrificing your standards with the next generation of PINK® insulation. Its superior texture cuts with one pass and fits perfectly in the cavity for clean, inspection-ready results on every job.

### CUTS WITH ONE PASS

Cuts cleanly in one pass and splits evenly with less clumps and chunks

### SLIDES IN, STAYS PUT

Extra stiffness for batts that slide in easily and resist slumping

### SHED-RESISTANT

Stays on the batt, not on you, for more comfort and less clean-up

## Time-saving precision in every package.

- **FASTER INSTALL**  
Saves time so you can get to the next phase of the project quickly
- **SHED-RESISTANT**  
Feels soft as cotton and comfortable to handle
- **LESS DUST**  
Easier for overhead applications and quicker clean-up
- **PASSES INSPECTION**  
Superior texture and smooth, uniform surface
- **PROS PREFER IT**  
Pros who tried it prefer it for their next project<sup>2</sup>

<sup>1</sup> Owens Corning sponsored research among home builders through Home Innovation Research Labs Builder Panel, April 2019. Based on the open-end question: What one brand of insulation would you TRUST MOST to use in the new homes you build?

<sup>2</sup> Market study conducted by Protobrand, commissioned by Owens Corning, June 2020.
