

McMunn & Yates
Building Supplies

Make it better™

Make it better™

Our History

**We stand on the shoulders of those who came before us.
This is our story.**

It is a story about family first and foremost, of two families coming together. McMunn & Yates was formed in 1971 when Terry Yates and Stan and Gordon McMunn opened their first store in Dauphin, Manitoba. With combined experience in both contract work and retail, this union of families put their faith in each other to build and rebuild something larger than themselves, now hundreds of families serving their local communities large and small. McMunn & Yates is committed to and believe in the rural economy and doing business with their friends and neighbours. We believe the “and” in McMunn & Yates is more than just a conjunction, because without it, there are no connections and no commitment. We believe it's this commitment to building strong, honest relationships that is the foundation upon which McMunn & Yates rests.

Market Coverage

McMunn & Yates has you covered!

We have the ability to serve your building needs when you are away from your everyday market territory. With four stores and a central delivery yard serving the Winnipeg market, we can supply your needs in the capital region in a timely manner. We also have the ability to serve the entire province of Manitoba and Eastern Saskatchewan with our many stores and delivery equipment.

Our global accounts system gives contractors access to charge accounts at all locations. In addition, our webtrack platform lets you connect to your online account any time.

Purchasing Power

McMunn & Yates is a proud member of the Independent Lumber Dealers Cooperative (ILDC) buying group. ILDC is the prominent buying group in Canada and provides us with industry-leading purchasing power. Our association with ILDC ensures we remain competitive in today's global marketplace.

Distribution Centre

Located in Headingley, Manitoba on seven acres, McMunn & Yates Building Supplies Distribution Centre is a 50,000 square foot facility that holds thousands of different SKUs ready to be sent to any one of our yards. The grounds themselves hold tens of thousands of board feet of lumber and building materials. Our distribution centre also houses our staff training centre where we offer programs and courses to ensure our staff have the tools needed to serve our contractor and commercial customers.

Many trucks are on route from the centre each week to our stores across Manitoba and Saskatchewan, bringing you the products you need to build better!

Products

McMunn & Yates carries the products you need for your home building or commercial contracting needs

Our focus includes:

- Dimensional and treated lumber
- Plywoods and sheathing
- Insulation and drywall
- Windows and doors
- Siding and exterior finishing
- Doors and moulding
- Hardware and tools
- Kitchens and bath
- Lighting, paint and stain

Services

Estimates and Design Services - From elaborate decks to beautiful homes, we will help you work on the estimate for your project, no matter what the size, or budget.

Yard Services – Our lumberyard can be self-serve or let us do the work for you! Our friendly associates will load your materials for you, safely and efficiently.

Contractor Events – Building with the Community through Contractor Events, such as Trade Shows where many learning opportunities are presented to our dedicated Contractors.

Financing – McMunn & Yates Building Supplies offers financing on approved credit. Contact our Credit Department toll free at 1-888-638-2230 for payment options, credit applications and account login to MYstore.

Online Ordering - No need to call or email, simply place your orders online through MYstore! Visit mcmunnandyates.com to place your order today.

Wall Panels – Build better, build faster, build smarter with ready-to-stand Wall Panels from Tim Br Fab Industries, a division of McMunn & Yates. Build more in less time with pre-fabricated Wall Panels engineered and precisely manufactured at our plant.

Roof Truss Systems – The best manufactured roof trusses require the highest quality materials. Using only quality connectors and lumber. Our team ensures trusses are designed to meet your specifications.

Floor Joists – Engineered joists provide strength and consistency. Joists are dimensionally stable to resist warping, twisting and shrinking that causes squeaky floors.

Delivery Services

Boom Delivery – Prompt and careful attention is given to each job site to ensure the products are delivered in the best possible location. Boom Truck Delivery Service is available daily in select markets.

Moffett Service – Moffett service capabilities available through our Oak Bluff location. Just one of the ways we strive to Make it Better™.

We will help you work on the estimate for your
project, no matter what the size! At McMunn & Yates
Building Supplies, estimates are always free!

Product Packages

Deck Packages – Get ready for summer with wood or composite decking from Trex® Decking! Our deck packages are all bundled to make your outdoor project effortless!

House Packages – We offer residential properties, cottages, additions, garages and more. Our in-store design staff is specialized in helping you create the design of your dreams.

Garage Packages – Our garage packages are available in many sizes to suit your needs. Package includes all nails and rafter ties to complete the garage. We can provide you with a quote on any standard-size or custom-design garage.

Post-Frame Buildings – McMunn & Yates Post Frame Buildings meet a wide range of structural applications including machine sheds, commercial buildings and insulated shops.

Customization – We believe it is important to work closely with you to incorporate your thoughts and ideas in the planning of each McMunn & Yates building. Our sales staff work hard to ensure that your building is designed to meet your specifications.

Installation – The finished quality of our buildings depends on the workmanship and technical skills of our qualified builders who are proven experts at constructing McMunn & Yates post frame buildings.
